Kentmere Primary Academy is hosting an NCETM Maths Hub Shanghai Primary Teacher exchange visit in January. Two of the leading teachers from Shanghai will be working at the school for two weeks with children in Years 3 and 6. As part of the exchange, they will be delivering two showcase lessons on the Shanghai Mastery approach to teaching maths.

Colleagues are invited to observe the Shanghai teachers deliver a lesson at Kentmere on either 23rd January or 24th January. This is an exciting opportunity for North West practitioners to observe lessons demonstrating core skills and attributes of Mastery teaching, taught by two expert Chinese teachers.
